

Town of Bath Cemetery Committee
May 27, 2025, @ Town Hall @ 9AM
Minutes

1. Members Present: Chairwoman Elizabeth Skinner, Rebecca MacLeod, David O'Connell
2. Quorum: Yes
3. Guests Present: None
4. Report from Rebecca MacLeod (Public Works): Rebecca informed the committee that the work by the Petoney Brothers Excavators is finished. The original estimate was correct. The company has submitted an invoice for \$1,900. Rebecca said that the bushes that she wants to plant on the mausoleum roof will cost approximately \$1,600. The committee agreed by common consent to approve up to \$1,600 for the plants. Rebecca should be able to recruit volunteers to plant the bushes. This work and expense should bring this project to completion. Elizabeth will report the plant expenses to the Finance Committee. The funds will come out of the Mausoleum Project fund. Rebecca said that she would look at the potholes in the roads of Greenway to determine what can be done with them by Pubic Works. Rodney will also look at the condition of the diverters on the side roads to see if they need work done on them.
5. Report from Elizabeth Skinner (TBCMMI): At its April 30, 2025, meeting, the TBCMMI board held a discussion on whether or not the corporation needs to obtain liability insurance for any volunteers doing work in Greenway Cemetery. Dave O'Connell discussed his desire as a member of the TBCMMI to recruit a group of retired men to volunteer resetting headstones in Greenway. Elizabeth Skinner will work with Sharron Corrick to determine if this insurance is needed, and to get estimates. Elizabeth informed the committee that the Public Works Department, seasonal workers, WSWA (who works on the rain garden), and family volunteers want to have water turned back on in Greenway. Elizabeth and Dave will work with BSWW to see if this is possible, and what it would cost. The committee agreed by common consent to have Rebecca MacLeod submit her press release to the *Morgan Messenger* after a crew of young people are hired to work in Greenway Cemetery this summer.
6. Next meeting date is June 24, 2025.
