- 6.) Next Meeting: April 15, 2026
- 7.) Adjourn

From the Ordinance

1. **Heritage Trees** are typically large individual trees with unique value and are considered irreplaceable. The major criteria for heritage tree designation are age, rarity, and size, as well as aesthetic, botanical, ecological and cost to replace. The Town Council, upon recommendation of the Tree Board, may designate specific trees on town property as heritage trees. Upon the adoption of such a list by the Town Council, a copy shall be kept on file in the office of the Town Clerk. The list of heritage trees may be modified from time to time. Once a tree on town property is designated as a heritage tree, it will remain so unless it becomes necessary to classify it as a risk tree that must be removed. Heritage trees on town property may not be removed without the recommendation of the Tree Board and without the approval of the Town Council.
